Motorline Direct Limited is an appointed representative of ITC Compliance which is authorised and regulated by the Financial Conduct Authority (their registration number is 313486). Permitted activities include acting as a credit broker not a lender.

### Finance

As an FCA regulated credit broker we can introduce you to a selected group of lenders / brokers (see below) who may be able to help you finance your purchase. This group of lenders / brokers provides us with a range of products which may be suitable for your purchase. We will explain the key features of those products to you.

Black Horse Limited, Evolution Funding Limited, MotoNovo Finance Limited, Blue Motor Finance Limited, Carfinance247Limited

We will arrange a soft search of your credit file which will provide us with a credit score that will determine the interest rate and lender we may use for your application. The soft search will show on your credit file, but other lenders will not be able to see it so it will not affect their lending decisions. The soft search does not confirm that you will be accepted for finance. Any lenders we use will conduct a full credit search to decide if they can offer you the finance. This search will show on your credit file and will be seen by other lenders. If the first lender is not able to offer you finance, we will try up to 5 lenders, each of which may record a search on your credit file. We may advise you on the products, subject to your personal circumstances, though you are not obliged to take our advice or recommendation. Unless we consider it to be inappropriate given your personal circumstances, for certain vehicles e.g. New, our approach is to introduce you to the lender who are usually able to offer the best available package for you, taking into account interest rates, residual valuations (where applicable) and other contributions. If they are unable to make you an offer of finance, we then seek to introduce you to other lenders on our panel. The lender we introduce you to, and available rates, will depend upon a number of factors including the vehicle, your personal circumstances and the likelihood of a lender to accept an application based on information provided. Accordingly, the options we present to you, from our limited panel of lenders, may not reflect the most competitive or impartial terms available in the market. You are not tied to funding via our panel of lenders and have the right to seek alternative options. However, in doing so, this may impact upon any offers provided by our panel of lenders in relation to deposit contributions, servicing or other schemes. We are a commercial entity that expects to make a profit from this transaction. Consequently, lenders typically pay a commission to us for introducing you to them, calculated by reference to the vehicle model or amount you borrow. Different lenders may pay different commissions for such introductions; some lenders may also provide preferential rates to us for the funding of our vehicle stock and may also provide financial support for our training and marketing. Any such amounts they and other lenders pay us will not affect the amounts you pay under your finance agreement, all of which are set by the lender concerned. We do not charge you a fee for our services, consequently we do not act as a financial adviser, or fiduciary. We act in our own interest, whichever lender we introduce you to, we will typically receive commission from them based on either a fixed fee or a fixed percentage of the amount you borrow. Any and all commission amounts will be fully disclosed to you as part of your sales journey. You will be required to give your fully informed consent to our receipt of this commission. By doing this, you acknowledge that you understand our role as a credit broker, and that we will receive a financial incentive if you take out a loan from a lender that we introduce you to.

All finance applications are subject to status, terms and conditions apply, UK residents only, 18s or over, Guarantees may be required.
